

# Charging Station Event and Trade Show Rentals

Our Cell Phone Charging Stations, Kiosks and Lockers use High Speed Power Sources to ensure cell phones and tablets get a quicker charge at our units. With a wide variety of styles and designs we feel we can service clients with any need. From Static to Digital Options and Portable Battery packs to simply plug it into the wall and you are done.

Branding is not a problem either. We can wrap a unit or brand the table tops. The headers allow for single or double sided branding opportunities also. Then we have the dual screen video displays that will play a slideshow with your message or products. Attendees can watch a presentation while they are waiting to charge their phones.

Digital Dual Screen Signage Charging Stations includes branding
